

Tutorial 10: AWS Educate - Serverless on AWS

Educate

Step 1: Visit AWS Educate

- Open your browser and go to: <https://awseducate.com>

The screenshot shows the AWS Educate website. The header includes the AWS Educate logo and a language selector set to 'English'. The main heading is 'Learn cloud skills at no cost with AWS Educate'. Below this, there are four key features listed with icons: 1. 'Register with just an email address, no credit card required' (lightbulb icon). 2. 'Content and resources designed for beginners like you' (laptop icon). 3. 'Explore, search for, and apply for jobs through the [AWS Educate Job Board](#)' (person with magnifying glass icon). 4. 'Gain access to the [AWS Emerging Talent Community](#) when you earn digital badges' (speech bubble icon). On the right side, there is a 'Create your account' section. It includes links for 'Already have a learner account? [Sign in](#)' and 'Looking to hire cloud talent? [Register as a recruiter](#)'. The form fields are: First name (text input), Middle name - optional (text input), Last name (text input), Country (dropdown menu with 'Select' option), State or province (dropdown menu with 'Select' option), City (text input), Birth month (dropdown menu with 'Select' option), and Birth year (text input). The footer contains links for 'FAQ', 'Contact us', and 'Cookie preferences', along with the copyright notice '© 2025, Amazon Web Services, Inc. or its affiliates.' and links for 'Privacy' and 'Site terms'.

Step 2: Sign Up or Sign In

- If you already have an account: Click Sign In and log in.
- If you're new: Click Join AWS Educate and follow the instructions:
 - Select your role: *Student* or *Educator*
 - Enter your name, email (preferably your school email), institution, and other details
 - Set a password and complete your profile

Note: Account verification may take a few minutes to several hours.

Step 3: Navigate to the Course

- Once logged in, go to your Student Dashboard

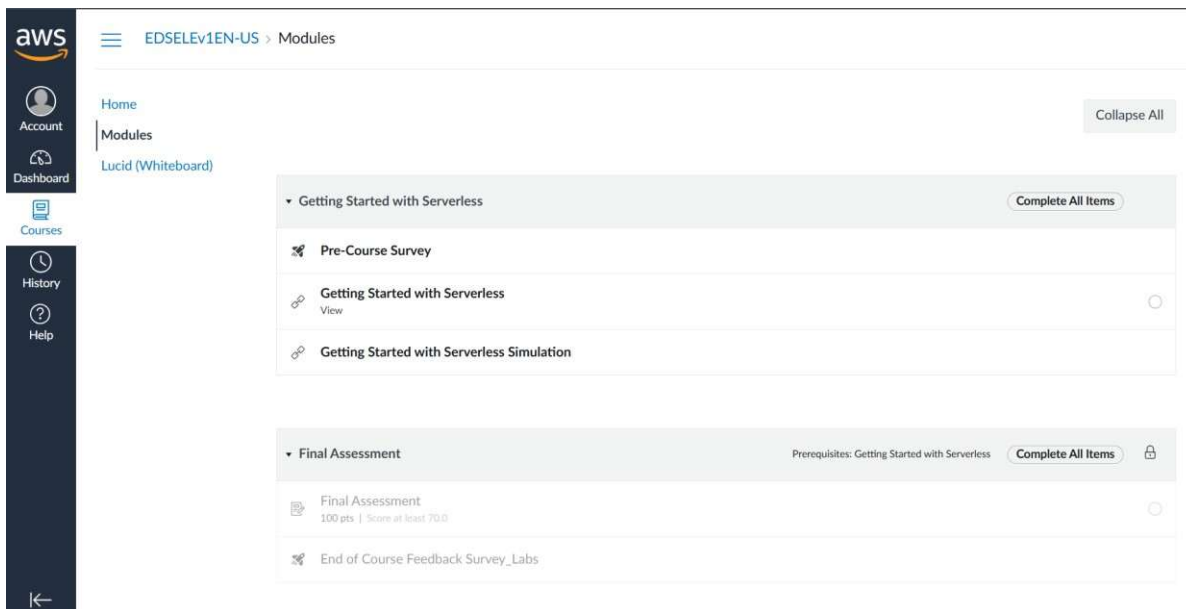

-

Click “Explore Pathways and Badges” or “Course Catalog”

- Use the search bar to find “Getting Started With Serverless”.

Step 4: Enroll in the Course

- Click on the course tile
- Select “Enroll” or “Start Learning”

Step 5: Start Learning

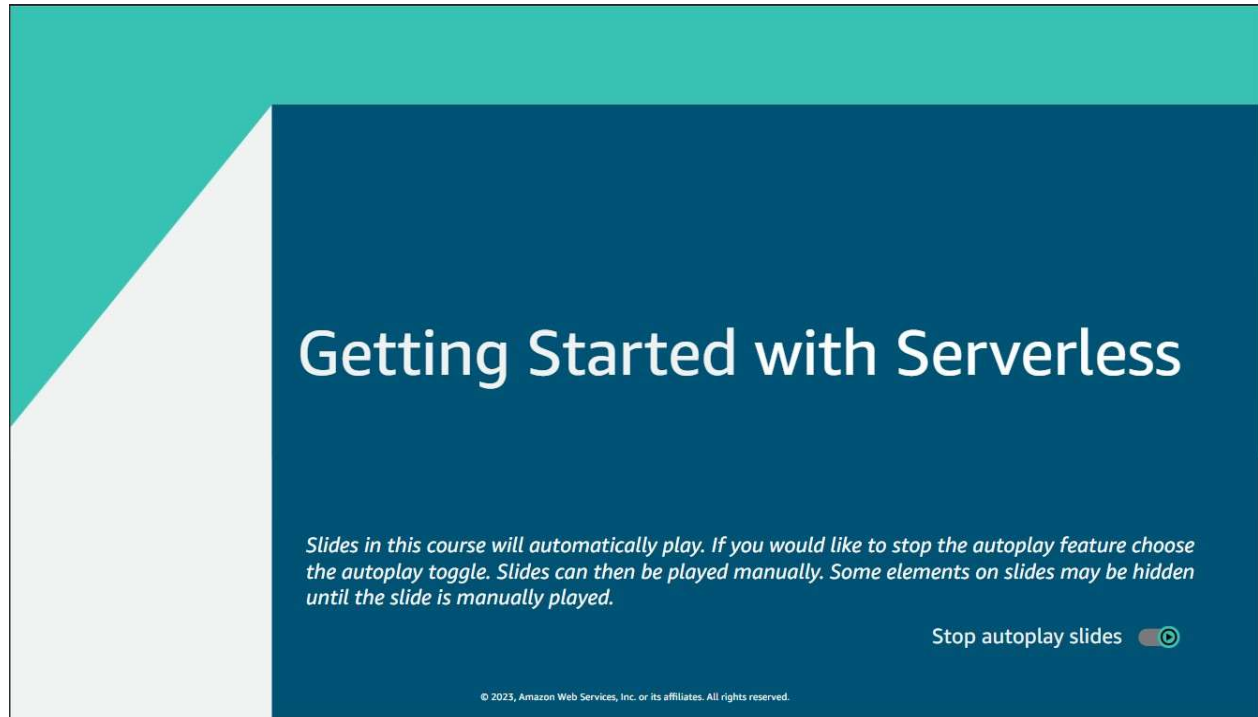

- The course is divided into interactive modules, which may include:
 - Short video lessons

- Guided hands-on content
- Quizzes and knowledge checks

Step 6: Complete Module Lessons and Labs

- 1. Read through the theory sections carefully**
 - Understand what serverless means
 - How it differs from traditional and container-based architectures
- 2. Watch instructional videos**
- 3. Perform hands-on labs:**
 - AWS Lambda Function creation
 - Integrating Lambda with API Gateway
 - Storing data in DynamoDB
 - Serving static content via S3

The screenshot displays the AWS Educate console interface. On the left is a dark sidebar with navigation links: Home, Modules, Lucid (Whiteboard), Courses, History, and Help. The main content area is titled 'Getting Started with Serverless'. It contains introductory text about AWS Lambda, a 'Course level' section stating it's foundational, and a list of topics to be covered: 'Introduction to Serverless', 'AWS Lambda', 'API Gateway', 'Amazon DynamoDB', and 'Amazon S3'. On the right, there are utility buttons for 'View Course Stream', 'View Course Calendar', and 'View Course Notifications', followed by 'To Do' and 'Recent Feedback' sections, both currently showing 'Nothing for now'.

Step 6: Attempt Quizzes

After each section or lab:

- ☐ Attempt the quizzes to assess your learning
- ☐ Multiple-choice questions typically related to the material just covered

Step 7: Complete the Course

- Work through each module and complete the quizzes

After finishing, you'll earn a **digital badge** or **certificate of completion**. **Step 8: Complete Final Assessment** Once all lessons and labs are done:

- ☐ Attempt the final module assessment.
- ☐ You may need to score above a specific percentage (e.g., 80%) to earn a badge.

Step 9: Download Certificate/Badge

Upon successful completion:

- ☐ Go to your AWS Educate dashboard
- ☐ Click Achievements
- ☐ Download your certificate of completion or digital badge

Your Badge

Your Badge

You've earned a badge from AWS Educate

An AWS Educate digital learner badge for completing this course. This credential is designed to help you showcase your knowledge, your resume.

We've sent you an email from Amazon Web Services Training and Certification via Credly <admin@credly.com> with a link to claim your digital badge within 24 hours. Click the link in the email and follow the instructions to accept your badge. Add your badge on your LinkedIn or other social media profile to let peers know about your accomplishment. We recommend that you also create an account on Credly, where you can manage and personalize your profile. For any questions about your badge, please contact Credly Support.

We're excited to welcome you into our growing global community of students, and lifelong learners of cloud computing.
